Saturdays, November 22 and  
December 6, 2008  
8:00-9:15 am

*Soul at Work* is an extraordinary addition to the literature on spirituality in the workplace. Using case studies and drawing on rich insights from various wisdom traditions, Margaret Benefiel explores the spiritual dimension of individual and organization life, and offers experience-based spiritual practices that can help us to deepen it. Her book is a must-read for anyone who wants the workplace to become more life-giving for all concerned. The book is for managers, workers, organization specialists, church groups, and anyone involved in the transformation of organizational life. It is for everyone who suspects that there is more to business than the bottom line.
